

Queensland Healing Strategy submission

Organisational response

In early 2020 The Healing Foundation will work with Aboriginal and Torres Strait Islander Queenslanders to develop the Queensland Aboriginal and Torres Strait Islander Healing Strategy.

This survey gives you the chance to tell us what healing means to your organisation and what needs to happen to see healing for our communities. Your stories, ideas and solutions will help us yarn up the Healing Strategy.

Healing creates a better future for our children and a world where Aboriginal and Torres Strait Islander peoples and our cultures thrive. Healing is about making spirit feel good. It's about moving forward with hope for the future, with renewed energy, strength and enthusiasm for life.

The Queensland Aboriginal and Torres Strait Islander Healing Strategy is a chance for Queensland to chart a way forward, help heal past hurts and break the cycle of Intergenerational Trauma for Aboriginal and Torres Strait Islander peoples. The solutions are already out there in community - have your say and tell us your stories about healing.

Please prepare a submission responding to the following key questions.
