

Queensland Healing Strategy

Organisational submission

In early 2020 The Healing Foundation will work with Aboriginal and Torres Strait Islander Queenslanders to develop the Queensland Aboriginal and Torres Strait Islander Healing Strategy.

This submission gives you the chance to tell us what healing means to your organisation and what needs to happen to see healing for our communities. Your organisation's stories, ideas and solutions will help us yarn up the Healing Strategy.

Healing creates a better future for our children and a world where Aboriginal and Torres Strait Islander peoples and our cultures thrive. Healing is about making spirit feel good. It's about moving forward with hope for the future, with renewed energy, strength and enthusiasm for life.

The Queensland Aboriginal and Torres Strait Islander Healing Strategy is a chance for Queensland to chart a way forward, help heal past hurts and break the cycle of Intergenerational Trauma for Aboriginal and Torres Strait Islander peoples. The solutions are already out there in community – it's important for us to hear your organisation's stories about healing.

Please prepare a submission responding to the following key questions.

Tell us about your organisation

1. Is your organisation
 - Aboriginal and Torres Strait Islander community controlled organisation
 - Aboriginal and Torres Strait Islander owned business
 - Non government organisation
 - Community service organisation
 - Other type of organisation:
2. Which mobs does your organisation work with?
3. Where are you based?
4. How many people work in your organisation?

13. What would you like the Aboriginal and Torres Strait Islander Healing Strategy to achieve in Queensland?

14. Are there any Australian or international healing initiatives, research, case studies or evaluations that you would like to highlight for The Healing Foundation’s consideration or review when developing the strategy?

15. Is there anything more you want to add that should to be considered as the Queensland Healing Strategy is developed?
